Divinity rests in places unseen
Masked by a chance encounter or an everyday endurance

:chorus 1:

As streets divide cities, you skin divides all of you
And as cells to the petal of a wilted flower

A city on a hill cannot be hidden
So clap your hands, all you nations
You cannot hope to understand someone completely until

:chorus 2:

As streets divide cities, you skin divides all of you
And as cells to the petal of a wilted flower
To soil we return in a...
Magnificent rejoice as for the ejection
all the rest will dance

A city on a hill cannot be hidden
So clap your hands all you nations
Clap your hands all you nations
Brab-ba-da-ba-dal
