

Kai Tracid, 4 Just 1 Day

4 just 1 day

i want to brake all regulations
because be all go the same way
and we've all passed the same stations

4 just 1 day

i want to feel totaly free
no responsibilities, just everything is ok
no desires, just surviving is the key

4 just 1 day

i want to ignore a senseless faith
colors are victorius over the grave
stop to get controled by the state

4 just 1 day

i want to forget the value of money and gold
i want to live life my way
and lose my inner vision treshold
