Yeah, Yeah, Yeah, Yeah  
G Five

I hear the money calling  
I hear the rolls, I'm up by the morning  
She wanna feel important  
Buy her Chanel, my baby look gorgeous  
I want my engine roaring  
I want a foreign can't wait till I'm ballin'  
Run to the bands I ain't walking  
Run to the money, the money's important  
I hear the money calling  
I hear the rolls, I'm up by the morning  
She wanna feel important  
Buy her Chanel, my baby look gorgeous  
I want my engine roaring

Run to the bands I ain't walking

Baby look up at the stars and the rain  
Hit the shala I might take you to Spain

I step into town fuck a minimum wage  
I'm missing my bros free them out of the cage  
Remember it was me and my bros on the stage  
Cop a new train I might fly out their face  
I'm missing my bro man it don't feel the same  
Remember when they left me out in the rain
