Kaiser Chiefs, Good Bad Right Wrong

When I was good
I couldn't've been anymore bad
And when I was right
I couldn't've been anymore wrong

Everybody knows whats goin on
Everybody knows but me
Everybody knows whats goin on
Everybody knows but me

And when I tried hard
It couldn't've been more easy to do
And when I was close
It couldn't've been further from view

Everybody knows whats going on
Everybody knows but me
And everybody knows whats going on
Everybody knows but me

And I don't understand
Why your head is in your hands
'Cause no one 's ever gonna get in trouble but me
No, no one 's ever gonna get in trouble but me

And I don't understand
Why your head is in the sand
'Cause no one 's ever noticed anybody but me
No, no one's ever noticed anybody but me

'Cause when I was good
I couldnt'a been anymore bad
And when I was right
I couldnt'a been anymore wrong

And everybody knows whats going on
Everybody knows but me
Everybody knows whats going on
Everybody knows but me
Everybody knows whats going on
Everybody knows but me
Everybody knows whats going on
Everybody knows but me
