

# Kaiser Chiefs, Team Mate

We used to go out nightly  
To the armoury  
You used to be my team mate  
Or that's the way it seemed  
We lost our friends  
Because you wanted to  
They had no faith in you  
I had faith in you

You said we don't need anybody new  
It's just me and you  
On a bicycle for two  
Ah ah ahhh

We used to hold on tightly  
And you relied on me  
I used to to be your team mate  
Or that's the way it seemed

We lost our friends  
Because you wanted to  
They had no faith in you  
I had faith in you

We've been everything you wanted to  
It was just me and you  
On a bicycle for two  
Ah ah ahhh  
Ah ah ahhh
