

# Kaiser/Mansfield, Slidin'

Baby, baby, I understand your act  
I saw you, honey slidin' off the track  
Backslidin' Ain't no way to be  
Slackin' and backslidin'  
Make you like a refugee  
Who givin' you the food  
Who givin' you the air  
Who told ya you could do  
just like you do without care  
Backslidin'  
Just ain't no way to be  
Shuckin' and jivin' got you livin in misery  
God says it's plain His word ain't gonna change  
But if you think He don't know where you are  
You downright deranged  
Oh backslider  
You out there livin' like a shipwreck in the sea  
The place you need to anchor  
is right on your bended knees
