

Kaiser/Mansfield, Witness Cloud

He's in the fire
He's in the rain
He's in the den of the lion all the same
He's the Holy God
An' He humbles the proud
We are surrounded by the witness cloud
Fire in the night-time
Fire at night
He separated darkness and light
He's the still small voice
He's the thunder loud
We are surrounded by the witness cloud
Oh don't deny Him
He knows your name
He knows your address from whence you came
He gave us the witnesses
above and around
We are surrounded by the witness cloud
Drop all the weight
of the sin an' the shame
Don't be entangled with worldly gain
You need that endurance
before the trumpet sounds
We're all surrounded by the witness cloud
Receive His mercy
He's coming down
With the host of heaven in the witness cloud!
