

# Kaize Adams, You Changed My Life

## Verse 1

Never thought that I  
Would be so involved  
With someone who cares  
As much  
As you do  
The times that you shared  
Your love unselfishly  
Now I know that my life  
Is complete

It seems as though  
I'm living in a dream  
Way up in the clouds  
I feel so free  
Spreading my wings  
Prepared to fly  
I'm ready to go  
To higher heights

## Chorus

You changed my life  
You make me high  
You had my heart  
Right from the start

## Verse 2

Gotta burning feeling  
Deep inside  
I know that I'm a man  
But it makes me cry  
Your unconditional love  
Took me by surprise

My life will just begin  
When I die

It seems as though  
I'm living in a dream  
Way up in the clouds  
I feel so free  
Spreading my wings  
Prepared to fly  
I'm ready to go  
To higher heights

## Repeat Chorus

## Bridge

For you are great  
And wondrous  
I'll glorify your name  
Forevermore

I put my trust in you Lord  
I'll give you my praise  
Forevermore

For you are a sun  
And a shield to me  
And you will give  
Grace and mercy

Great is your  
Steadfast love for me  
You turned me around,  
You made me complete
