Kajagoogoo, Sit down & shut up

(VERSE 1)

All my loving all at once

I gave it all to you

Jealous woman pull your punch

Break my heart in two

(CHORUS 1)

Sit down

Sit right down and shut your mouth

Sit down (shut up!)

Listen to me, I'm talking to you

I said, sit down

Sit right down and shut your mouth

Sit down (shut up!)

Listen to me I'm talking too

(BRIDGE)

You know how to hurt me badly

You know how to hit me, hurt me, push me, punch me

You know how to hurt me baby

You know how to hit me, hurt me, push me, punch me

(MIDDLE)

Don't push your luck now lady

Don't push your luck too far

Your tongue is vicious maybe

But my blow is burning fire

(VERŚE 2) Treasures all emotional

Were buried in my soul

You took your spade and dug them out

And left me with the hole

(CHORUS 2)

So sit down

Sit right down and shut your mouth

Sit down (shut up!)

Listen to me, I'm talking to you

I said, sit down

Sit right down and shut your mouth

Sit down (shut up!)

Listen to me I'm talking too

(REPEAT BRIDGE)

You know how to hurt me badly

You know how to hit me, hurt me, push me, punch me

You know how to hurt me baby

You know how to hit me, hurt me, push me, punch me

Don't push your luck too far

Your tongue is vicious maybe

But my blow is burning fire
