

# Kajagoogoo, Turn your back on me

Turn your back on me

yeah

turn your back on me

yeah.

Loved you like no other

I loved you like a brother.

What do I discover? I know I won't recover.

I can't help myself

I can't help myself

Loved you like no other

I know I won't recover.

Turn your back on me

yeah

Now you turn your back on me

turn your back on me now

Oh

turn your back on me

now

turn your back on me

yeah

Now you turn your back on me

your back on me

your back on me

Now you turn your back on me.

Much more than I ought to

I loved you like a daughter.

Got me in deep water

and now I got to face the torture.

I can't help myself

I can't help myself

Much more than I ought to

I loved you like a daughter.

Turn your back on me

yeah

...

Turn your back on me

yeah

...

Much more than I ought to

I loved you like a daughter

...

Turn your back on me

yeah

...

Oh

you turn your back on me

turn your back on me

little girl

Now you turn your back on me

...
