

# Kaledon, Desert Land of Warriors

During the construction  
Of the new big kingdom  
King Antillius decided  
To create a very big training valley  
Valley for the knights  
Valley for the horses  
Shields for the heroes  
Shields for the kings...  
Was the desert land of warriors, the land for the fighting  
the Land for the heroes of the kingdom  
When the darkness is falling, their spirits fly in the sky...  
... of the land of warriors !  
Antillius is prepared  
to fight against the Jackal,  
it is will of God  
that the kingdom you return to shine  
force for the knights  
that run with the horses  
Shields for the heroes  
that defend the king  
Was the desert land of warriors, land for the fighting  
Land for the heroes of the kingdom  
When the darkness is falling, their spirits fly in the sky...  
... of the land of warriors !  
Fighting until to the end of the darkness  
this is a pact of blood  
with the ground of Kaledon  
Ground for the knights  
ground for the horses  
glory for the heroes  
ascension for the king...  
Was the desert land of warriors, land for the fighting  
Land for the heroes of the kingdom  
When the darkness is falling, their spirits fly in the sky...  
... of the land of warriors !  
Desert land of Warriors !
