

# Kaledon, Hero Of The Land

Fire and ice in my eyes  
By the sword I survive  
like an eagle I will fly  
Here I am, Hero of the land  
I defend all the sons of mighty land  
Holy sword in my hands  
It's taking life and giving death  
With my blade I ride proud  
In the name of my honor  
Living steel in my veins  
Here I am, Hero of the land  
I defend all the sons of mighty land  
Holy sword in my hands  
It's taking life and giving death  
Where the wolves hunt free  
Where the eagle flies proud  
Where the only one is the king  
Here I am, Hero of the land  
I defend all the sons of mighty land  
Holy sword in my hands  
It's taking life and giving death  
With my sword and with my heart  
I serve the king of Kaledon  
For his will I will fight  
Here I am
