

# Kaledon, Inexorable Light

why, IT, why ?  
you have betrayed me  
where you are?  
why you abandon me  
I run, I run,  
The blood and the mud  
I run, I run,  
I'm the jackal that I am

the Black Beast  
that I have called to me  
runs away in the sky  
then he falls down  
and setting fire  
like a falling star  
like a falling angel  
he sinks inside the ground

Chorus:

and Daaniel seeks and runs like a tiger  
he is merciless, his force comes from beyond this world  
and Daaniel flies high like an eagle  
his force is the light, the inexorable sword

why, why,  
I am alone in this time  
the mud and the rain  
sliding on my face  
why, why,  
has the voice deceived me?  
the mud and the trees  
chain my escape

..noooo...  
the sky and the clouds  
answer to my cry  
red, red in the sky  
the wind howls full of anger  
the light, the light  
I fall down into the slimy ground

Chorus:

and Daaniel seeks and runs like a tiger  
he is merciless, his force comes from beyond this world  
and Daaniel flies high like an eagle  
his force is the light, the inexorable sword
