

Kaleo, I Want More

homegrounds
feels like the weight has been lifted away
but if she leaves me there I won't run
please pass it on
carry me down

all you need to know is I want more
more
looking for more
I want more
more
I want more

so light
hold back the night
wait until it's right
but then you fold your hand into mine
watch as ye waves
fall back into place
don't you leave me there wanting more

more like before
I want more
more
I want more

turn back
leave I all you had
forgive, I'll forget
cause what we need is what we once had
time won't stand still
just say you will
because I need you there

if you leap I'll come
falling too
running deep til that
rivers through

I don't mind what you have to do
I won't think less, kiss of you

I want more

old grounds
feels like the weight
has been lifted away
so don't you leave me there wanting more
