

Kaleo, Save Yourself

It weighs heavier on one's heart
I could tell right from the start that
Sweeter ones are hard to come across
Well there is more than meets the eye
Heart like yours is rare to find
Someone else's gain will be my loss

Little things that make you smile
Dancing barefoot in the dark
If only I had strength to change your mind for what you need
You will not seek
Choose your words before you speak
Can you see that all you've got is time?

Now, save yourself
Won't you save yourself
Darling save yourself for someone else
Save yourself
Darling save yourself
Won't you save yourself for someone else

Don't give in to that feeling
Don't give in darkness and faith, yeah
You should be safe, yeah, with someone else

Tell your secrets to the night
You do yours and I do mine
So we won't have to keep them all inside for one so pure
Can't be sold
Don't let your feelings take control
Hold on to the one thing he's begging for

Now, save yourself
Won't you save yourself
Go on and save yourself for someone else
Yes darling, save yourself
Won't you save yourself
So go on and save yourself for someone else

Are you gonna break?
Are you gonna break?
What's it gonna take?
Are you gonna break?
Are you gonna break?
Are you going to break?
What's it gonna take?
Are you gonna break?

Are you gonna break?
Are you gonna break?
