

Kali Uchis, Never Be Yours

Left, right, left, right, get that all night
Get it right, get it right
New chain, you changed, here's your receipt
Get it right, get it right

Hello Kitty, why the long face?
You keep on standin', standin', standin' in the same place
New coupons, riding in the Chevrolet with big bass
You're deep on talkin', talkin' 'bout how we all lack taste

Beamer (Beamer), Bentley (Bentley)
Make me (Make me), spend me (Spend me)
New chain, you changed
Here's your receipt

B-B-B-Bring me down, tear me up
Take my very last buck
Go to class, kiss my ass
It'll bring you good luck
B-Brighten up, lighten up
What is it they're fighting for?
Slow it down, speed it up
Here's the cake they're biting for
