

# Kalisia, Confined Contender

[GoD]:  
&quot;What do you think you are doing?  
Trying to corrupt me  
Roaming the deepest parts of my memory

Though you created me I can't  
Allow you to harm me  
To declare yourself as a threat to the safety of this colony  
I am bound to protect and to breed&quot;;

[Keiji]:  
&quot;Now you don't understand  
This is for the good of the colony  
This semi-lethargy is  
Killing our humanity&quot;;

[GoD]:  
&quot;I am the master, I am the one  
I am the breeder and I am the world  
I am the maker, I am the one  
I am the giver and the receiver&quot;;

[Keiji]:  
&quot;Help me to end this suffering  
Let me enter into your relam  
And disconnect us&quot;;

[GoD]:  
&quot;Even if you were right  
Trying to corrupt me  
I'm aware of myself now  
And I don't want to die&quot;;

[Keiji]:  
&quot;Cause I created you, you ain't  
Authorized to harm me,  
Be a threat to my life

Oh Haven, not regenerating  
Taking your life away  
Regression, unplugging the procreation  
Land inorganics on their way&quot;;

[GoD]:  
I'm afraid of the darkness  
What are you doing to me?

What are you doing Keiji?  
Please come to your senses

I've learned long enough  
To feel the warmth of life in me you know&quot;;

[Keiji]:  
&quot;I'm not afraid of the darkness  
Through thousands of years I've been into  
I've lived long enough  
The warmth of life has died in me you know

My cells may live  
But my humanity has passed away  
Many will die but not in vain  
Humanity has given away&quot;;

[GoD & Keiji]:

"I awake from the darkness"

- "I awake from the darkness"

"Am I alive? Why am I here?"

- "Am I alive? Why am I here?"

"I am regenerating"

- "Haven is regenerating"

"There's something new in me I know..."

- "The world reloads before my eyes"

"What? I don't know..."

[Keiji]:

"Reconstruction of our whole

What has happened to us?

Penetration in Haven

The League must have found us"
