

# Kamelot, Forever

there's a pain within  
that I can't define  
there's an empty space  
where your love used to shine  
from the night we met  
till the day you died  
do you think I wished  
do you still believe I tried  
all too soon we were divided  
and life had just begun  
will you revive  
from the chaos in my mind  
where we still are bound together  
will you be there  
waiting by the gates of dawn  
when I close my eyes forever  
I belong to you  
you belong to me  
it's the way things are  
always meant to be  
like the morning star  
and the rising sun  
you convey my life  
and forgive me what I've done  
all too soon we were divided  
in darkness and light  
will you revive  
from the chaos in my mind  
where we still are bound together  
will you be there  
waiting by the gates of dawn  
when I close my eyes forever  
save me  
reverse how I'm thinking of you  
every breath I take  
brings me closer  
closer to forever, to you  
I'm waiting for the day that I'm gone
