

Kamera, Other Lover

So we called it a day in June
And it was not a single moment too soon
We'd worn it down to the bone,
Yeah, we were climbing the walls
But it's hard to let go

Then I chose emptiness instead
And I spent weeks
With lightness gone to my head
Same old story, so what else is new?
Are you still sticking together?
I've been thinking 'bout you
You know my aim is true

I could steal you from that other lover
Just to show you what we could be
I could steal you from that other lover
To show you the truth about you and me
You could be more,
Yeah, much, much more
Than he would ever let you be

I put my worries on the shelf
Maybe you should try a little freedom yourself
I could show you just what to do
Oh yeah, we'll make it together
I've been thinking 'bout you
You know my aim is true

I could steal you from that other lover
Just to show you what we could be
I could steal you from that other lover
To show you the truth about you and me
You could be more,
Yeah, much, much more
Than he would ever let you be

I've been thinking 'bout you
I've been thinking 'bout you
I've been thinking 'bout you
You know my aim is true

I could steal you from that other lover
Just to show you what we could be
I could steal you from that other lover
To show you the truth about you and me
You could be more,
Yeah, much, much more
Than he would ever let you be
