

# Kane, Faith

Show a little faith  
It's all I ask of you  
And wait

There's no time to waste  
Oh it's all I ask of you  
For the good times and the bad  
Life goes by so fast  
You got me worried for a moment  
Got me worried for a moment  
And hey, faith  
It's all I ask of you

And days  
I still recall the days  
When you and I were like best friends  
And ways  
So we often did lose our ways  
I guess you never took the time  
To tell me how you really felt

Through the good times and the bad  
And life goes by so fast  
Oh you got me worried for a moment  
Got me worried for a moment now  
Hey, faith  
It's all I ask of you  
All I ask of you...
