

Kane, Not Here

leave me cravin' for your spell
sometimes i'm scared
sometimes i'm lost
sometimes you're all i have
and there's a mystery in you
sometimes when you laugh
sometimes when you cry
oh, baby, sometimes when you're so cruel
and sometimes i
i seek a reason why i'm still here
and deeper it takes me down
you're the reason why i'm still here

so help me when i'm not here
and there's a shadow in my eye
beatin' on my face
it strangles me 'till i
be asleep
in a dark place, dark place
and sometimes i
i seek a reason why i'm still here
and deeper it takes me down
you're the reason why i'm still here
oh no no no no
so help me baby, yeah yeah yeah
and sometimes i
i seek a reason why i'm still here
and deeper and deeper it takes me baby
you're the reason why i'm still here

oh yeah
and, baby, hey
and sometimes yeah yeah
i seek a reason why i'm still here
and deeper and deeper it takes me baby
you're the reason why i'm still.....oh oh
let me cravin' for your spell
sometimes i'm scared
sometimes i'm lost
help me when i'm not here
