Forbidden to listen wid riddims to bad rubbish we dnt know how 2 forgive we hold grudges,and we recieve we throw punches and we dnt kno how to belive..

[Verse 1]

That there's too much drama,I feel like walking road with two strap and armour,all the care about is funds and garms,guns and arms.

The best chik on ur arm,the best watch on ur wrist,u best watch ur wrist coz them boys are,best co blist coz dem boys are,best tint ur whip like them boys cars.

But I dnt wanna be cocking it bak and everywhere i go watching my bak,I jus wanna hop on a track thing not put on an act,I dnt eevn wanna put on bling,fuk up go to jail get put on a wing,got my own neva been put on a string,coz i jus wanna be the best,I dnt wanna do shows and be in a vest..

[Chorus]

Live life to the fullest coz life can be taken away.

Be careful with bullets coz bullets can easily spray.

If he's ready to pull it u better be ready to react

If its duck,buck or say xxxx and get back.

[Verse 2]

Coz there's too much war,some need a strap jus to go to the corner store,but is it worth the stress baking in a vest,wen head shots can take in him the vest,take the bigger steps then u soon can tak bigger cheque,coz wen a gun goes off in ur head u could be heading for a close coffin,i dreading th times up soon mite die with the 9's up soon,or do suttin dumb and get kiked out of the line up soon. in two minds and i kno wots wrong and i know wots rite,and i kno im strong and i dnt jus say this xx im right..

[Chorus]

Live life to the fullest coz life can be taken away.

Be careful with bullets coz bullets can easily spray.

If he's ready to pull it u better be ready to react

If its duck,buck or say xxxx and get back.
