

Kano, So Sure

(feat. Sadie)

I peeped inside the other day
He was looking so fine
He was looking my way
I wanna make him all mine
He came over to me so sweet
I gave him all of my time
The way he sat down before me
He really blows my mind

I'm feeling u I'm so sure
This vibe we got I can't ignore
You're down for me I'm so sure
I'll love you forever more

The way he's clicking with me
It feels so rite
Just like a best friend to me so sweet
Me and him we be so tight
I let him go do his thing
Still he calls every night
And when its dark and its cold
I know he'll be right by my side

I'm feeling u I'm so sure
This vibe we got I can't ignore
You're down for me I'm so sure
I'll love you forever more

I'm feeling u I'm so sure
This vibe we got I can't ignore
You're down for me I'm so sure
I'll love you forever more

Yuhhm hm hm..sadie
Kano

So sure
Straight up I'm into you
And I ain't jus trying to get into you
Although that's what boys tend to do
You was meant for me
And I was sent to you
Dem other girls were like 6s and 5s
But 10 for you
And I was like
They cun't ever by my wife
Accept for u
Coz your sheens exceptional
I was looking at you all night
Trying ta build up my confidence to approach you
I never knew my type until I met you
I said I won't be happy in life until I get you
And it was ya eyes that pulled my eyes from across the room
Looking at you with a smile
Was so nice
U got a style I like
And I ain't got time to be one a dem guys
Watching u and wasting time
Next time I'm clocking you
I'm stopping you
to make you mine

I'm feeling u I'm so sure
This vibe we got I can't ignore
You're down for me I'm so sure
I'll love you forever more

I'm feeling u I'm so sure
This vibe we got I can't ignore
You're down for me I'm so sure
I'll love you forever more
