

# Kano, This Is The Girl

Uh, oh oh, oh, oh-oh-oh-oh-oh-oh (repeated)

This is the girl that I want

I'm comfortable

It's been way more than a month or two

Its deeper than that, I rode with you

So no other chick can't come close to you

An' deep down I know the truth;

no you don't like if I come with you

But chicks wanna hug me in front of you

But I don't, need to be proved that I won't

Findin' another one quite like you

I know, that we become so close

An' I know I'm mostly on tour with girls backstage after the encore

But I'm down for you, look out for you

Try my best to be around for you

An' if your still down, but girl I want you to know; that your the one I want when I'm gone

This is the girl that I want

This is the girl that's gon' make me fall in love

(Na don't wanna even fall in love)

Girl I would ride with you

Give up my life for you

Baby cus girl I'll change

(Uh, oh oh, oh, oh-oh-oh-oh-oh-oh)

You know how it goes

You know what they say

Old dogs, new tricks

Different toilet, same

Well let me tell you somethin'

Look, I've been in the club many a times

Been a player; two girls at a time

Been a very bad boy like shine (too bad to see what you were doin')

I was involved, enclosed, hidin' with a silent ring tone

Like Jude Law in Closer

Relationship roller coaster

My life, my real life co-star

With no dialogue, no we couldn't go far

But I'll try and stop, cus so far

But that won't last, I move so fast

Spin 'round the track like Go-Karts

Over 'n' over and over

Slow start, I'm so lost

Cus I couldn't be what you wanted me to be

When I couldn't breathe, I wanted you to leave

What you couldn't see, was me in the club with she

Lookin' like my wife to be, now finally

I've grown up since then

And your eyes opened up since then

And I've changed so lets keep it movin'

This is the girl that I want

This is the girl that's gon' make me fall in love

Girl I would ride with you

Give up my life for you

Baby cus girl I'll change

This is the girl that I want

This is the girl that I want

Forget 'bout all them other girls before

Wanna get involved with you

All the other girls ain't the same  
That can play the game  
This is the girl that I want  
(Uh, oh oh, oh, oh-oh-oh-oh-oh-oh) (repeated)

On the canopy, my stamina being enough for Angelina Jolie  
Actually I had to become a man to be the man you see  
An' I know your fantasy; a baby and a family with me  
I know how it sounds, but believe me  
And if I don't know how to be, teach me

This is the girl that I want  
This is the girl that's gon' make me fall in love  
Girl I would ride with you  
Give up my life for you  
Baby cus girl I'll change  
This is the girl that I want

This is the girl that I want  
Forget 'bout all them other girls before  
Wanna get involved with you  
All the other girls ain't the same  
That can play the game  
This is the girl that I want  
(Uh, oh oh, oh, oh-oh-oh-oh-oh-oh) (repeated)
