

# Kanye West, FOREVER

Do or die, you and I  
Like a blank page (Maybe we—)  
See inside, most high (Maybe we don't—)  
Maybe (Maybe we don't last forever)  
Like a hopeless romantic, oh-oh  
Hopelessly, yeah

Just to cope, just a possible word of hope, like  
Maybe, possibly, if, throw on somethin', this

That suit and tie shit, that marathon shit  
That take-it-off shit, that Cullinan bih' (Maybe we don't last forever)

I want you tonight, I need you tonight  
Come see through my eyes, girl, why would I lie?  
I want love  
I want love (Maybe we don't—)  
(I want love)

Love to hump, I'm gon' let her  
Pride don't wanna let up (I want love)  
I just don't let up  
I won't forget her (Maybe we don't last forever)  
Get up  
Get up
