

Kanye West, Gay Fish

(Uh. Come on.)

Ive been so lonely, girl

Ive been so sad and down

Couldnt understand

Why haters joked around

I wanted to be free

with other creatures like me

And now I got my wish

Cuz I know that Im a gay fish

(Gay fish, yo)

Mother fuckin gay fish (Im a fish, yo)

Girl I am a gay fish (its alright, girl)

Makin love to other gay fish

All those lonely nights

At the grocery store

In the frozen fish aisle

Feeling like a whore

Cuz I wasnt being true

Even though everyone said

That I had to make a switch (gay fish)

Now I know that Im a gay fish

(Gay fish, yo)

Mother fuckin gay fish (Im a fish, yo)

Girl I am a gay fish (Now where I belong, girl)

Making love to other gay fish

I used to be scared, denying who I was

Actin straight, but then goin out to the gay fish clubs

Dancin with the marlins, makin out with all the snappers

Id take a salmon home and work that coddle fin for hours

But now Im out and Im free to love what I want

Be it yellowfin or bass or that trout in Vermont

I slap that marlin ass, make that grouper butt shake

Ill come to your house and have an orgy in your mother fucking fish tank

Mother fuckin gay fish (Im a fish, yo)

Girl I am a gay fish (Now where I belong, girl)

Making love to other gay fish

I really get around

Im a slut of the sea

When I say I got crabs

I mean it literally

I was eating dinner

And just had to go down

On that mackerel on the dish

Cus Im the gayest of the gay fish

Mother fuckin gay fish (Im a fish, yo)

Girl I am a gay fish (Now where I belong, girl)

But I got to settle down

I cant be a whore

I aint gonna just sleep

With any fish no more

Found me a lover

A brother whos a cross-dressing pike named Trish

And together we are gay fish

Mother fuckin gay fish (Im a fish, yo)

Girl I am a gay fish (Now where I belong, girl)

Making love to other gay fish.
