The only thought you ever need is "I trust him" (I trust him)

All your dreams, all your goals
Is promised with this ring I have in my hands (My hands)
The main thing a nigga got is these plans (These plans)

Got a plan for Beverly Hills (Hills)

You know that's where they at (Uh, uh, uh)
You know that's where they at
Beverly Hills (Hills)
You know that's where they at
I don't really wanna go back to that
If I do, I know I'm goin' back to back
Breakin' backs and backs, imagine that
That's so hazardous, so I handle that (Handle that)

All you really need is a husband, show you lovin'
Let him touch you, let him rub you, let him hug you
Let him thug you, let him hold you down (Hold you down)
All you need is a husband who gon' touch you, who gon' rub you, who gon' hug you
Who gon' kiss you, who gon' miss you with no issue

(And I'm with you)
