

Kanye West, PROMOTION

She said she leavin' her boyfriend
She wanna meet me at a Ritz-Carlton
She lookin' pretty, she lookin' gorgeous
We makin' love, but we heartless

She want ass-shots (Shots)
Give her face-shots (Face)
Back of the Maybach ('Bach)
Your ho get slayed, yeah
Tryna get saved, yeah
Who am I to hate? Yeah (Yeah, yeah)
I just wanna get paid
Give my ho a brea-a-a-a-ak

I do gravity above the stars, I'm goin' to Mars when I float
Can't be trippin' off that money, baby, let a nigga go
Gotta get used to this type of service, travelin' through the back door
I just put a bitch on, bought another nigga ho

I just put your bitch on another bitch and hit 'em both
All a sudden, he a friend when I send that bitch a toast
When she want attention, she disguise it as a post
I forgot to mention, she was mine before she yours
She gon' need the coochie like she cake (Cake)
All we do is fuck, we don't go on dates
I know some young throat G.O.A.T.s in L.A. (Suck, suck, suck)
She just wanna pop a pill and go to space (Ayy)

I do gravity above the stars, I'm goin' to Mars when I float
Can't be trippin' off that money, baby, let a nigga go
Gotta get used to this type of service, travelin' through the back door
I just put a bitch on, bought another nigga ho

When you bring your thot friends, you let everybody know
When you seened your not friends, you let everybody go
Baby girl, hop in, we goin' everywhere but broke
Like we always do it this—

She gon' eat the coochie for promotion
Knock that thing loosely, now she woke
I just kick the cookie out the dough
I'm in all Coogi, it ain't my fault
She gon' eat the coochie for promotion
Knock that thing loosely, now she woke
I just kick the cookie out the dough
I'm in all I'm in all Coogi, it ain't my fault

She said she leavin' her boyfriend
She wanna meet me at a Ritz-Carlton
She lookin' pretty, she lookin' gorgeous (Gorgeous)
We makin' love, but we heartless

Like, like we always
Like, like we always do it this time
Like we always do, uh
Like we always
Like we always do it this
Like we always
Like, like we always

Like we always do it this
