

Kanye West, Slow Jamz (feat. Twista, Jamie Foxx)

[Intro: Jamie Foxx]

Kanye, it's, it's Foxx, man

I'm just sayin', you know, I was talkin' to the girls, you know
And we, we don't put enough emphasis on the ladies sometime
You know, I was talkin' to this girl

She was talkin' about the music all fast in the club, you know

She gotta drink water 'cause she thirsty

She done danced like ninety to a hundred songs back to back

When ain't nobody, you know, really try to find out what she feelin'

Like how she feel, you know, you know what she told me?

(Are you gonna be?) Check it out, this is what she said

(Say that you're gonna be) Ooh, ooh, ooh, ooh, ooh

[Chorus: Jamie Foxx & Luther]

She said she want some Marvin Gaye, some Luther Vandross

A little Anita will definitely set this party off right

(Are you gonna be, are you gonna be, are you gonna be

Are you gonna be, are you gonna be, well, well, well, well)

She said she want some Ready for the World, some New Edition

Some Minnie Riperton will definitely set this party off right

(Are you gonna be, are you gonna be, are you gonna be

Are you gonna be, are you gonna be, well, well, well, well)

[Interlude: Kanye West]

Tellin' me them diamonds, when she know they rhinestones

Got a dark-skinned friend look like Michael Jackson

I played Ready for the World, she was ready for some action

My dog said you ain't no freak so you 'bout to prove my man wrong

I'ma play this Vandross, you gon' take yo' pants off

Now, Kanye, I know I told you to slow it down, baby
It's good, it's all good, it's beautiful
But now I need you to do it faster, baby
Can you please? Do it faster, baby, do it faster!
Damn, baby, I can't do it that fast
But I know somebody who can, Twista!

[Verse 2: Twista]
Got you looking at the glist on my hands and wrist
While I'm layin' back and smoking on my cannabis
When it come to rockin' the rhythm like Marvin and Luther
I can tell you ain't no messin' with Kan Man and Twist
In the Chi and I be sippin' Hennessy, play some R&B
While I smoke a b, you can preferably find that I'm a G
And all is (Well well well well)
Come wit' me and sip on some Evelyn Champagne
You ain't know Twista could work it like the Whispers?
Hit the stop light, move it to some Isleys
Rims still movin' so I bump a lil' Spinners
While I'm smoking on a b, dippin' through the streets
Bumpin' R&B and I got the heat on the 23's
And I do it (Well well well well)
Wit' my Earth in the Wind smoking Fire
Let me get ya sheets wet listenin' to Keith Sweat
Put you in a daze wit' Maze
Fulfilling our every temptation
Slow jammin', havin' deep sex
You ready for the world girl, come on go wit' me
I touch you all over your body baby don't say no to me
And every moment be controllin' me
I'm lovin' the way you be holdin' me when I be listenin' to Jodeci
And when I come over and bend ya ass
You be bumpin' Teddy Pendergrass
I done hit it from the back, to the melody and rode it slow
Now I got to go up in it fast, but I'ma finish last
No matter how much of a thug you see
I still spit it like it's R&B, come to the club wit' me
And when some Luther come on I hope you feelin' me
And still will be in love wit' me, Chi ride
