

# Kanye West, Wouldn't Leave (Ft. PARTYNEXTD)

I don't feel that she's mine enough  
God, I feel I couldn't have you windin' up  
Butterfly in my wrist  
You make pretty women out of my skin  
And I don't feel like  
And I know you wouldn't leave

Just imagine if they caught me on a wild day  
Now I'm on fifty blogs gettin' fifty calls  
My wife callin', screamin', say we 'bout to lose it all  
Had to calm her down 'cause she couldn't breathe  
Told her she could leave me now, but she wouldn't leave

And I know you wouldn't leave

And I sometimes wish  
We doin' such things  
We could wait longer than this  
Yes, you know you're one of these  
We can run through with the top chopped, yeah  
And the sundress down, ooh

And I know you wouldn't...

Oh, don't bring that up, that's gon' get me sentimental  
You know I'm sensitive, I got a gentle mental  
Every time somethin' happen they want me sent to mental  
We had an incident, but I cover incidentals  
You want me workin' on my messagin'  
When I'm thinkin' like George Jetson  
But soundin' like George Jefferson  
Then they questionin' my methods then  
If you tweakin' out on my texts again  
Then I don't get reception here  
I got the mind state to take us past the stratosphere  
I use the same attitude that done got us here  
I live for now, I don't know what happen after here  
I live for now, I don't know what happen after here  
Plus, what was meant to be was meant to be  
Even if, publicly, I lack the empathy  
I ain't finna talk about it, 'nother four centuries  
One and one is two, but me and you, that's infinity

And I know you wouldn't...

I don't feel like she's mine enough  
God, I feel I couldn't have you windin' up (Why?)  
Butterfly in my wrist  
You make pretty women out of my skin (Out of my skin)  
And I don't feel like (Uhh)  
And I know you wouldn't leave (Love me or hate me)

For any guy that ever fucked up (Love me or hate me)  
Ever embarrassed they girl (Love me or hate me)  
Ever embarrassed they wife (Gone when you miss me)  
She told you not to do that shit (Ohh)  
She told you you's gon' fuck the money up  
But you ain't wanna listen, did you?

Keep that same energy  
Keep that same energy  
Keep that same energy  
Now you testin' her loyalty  
This what they mean when they say  
"For better or for worse", huh?  
For every down female that stuck with they dude  
Through the best times, through the worst times  
This for you

And I know you wouldn't leave
