Kara, Beautiful Moment

Standing here right now How can I contain what I'm feeling? in the quiet of my heart this is what Your love is revealing

chorus

when I think about the life You gave for me so I could be with You eternally I think about the cross that rescued me in a beautiful moment I wanna give my life right back to You so You are glorified in all I do every thought I have just brings me to this beautiful moment oh, oh

I can see the sun You saved me from the dark that surrounds me because of what You've done finally forgiveness has found me

I think about the life You gave for me so I could be with You eternally I think about the cross that rescued me in a beautiful moment I wanna give my life right back to You so You are glorified in all I do every thought I have just brings me to this beautiful moment

nothing I can give could compare nothing oh, nothing I will give You all that I have

I think about the life You gave for me so I could be with You eternally I think about the cross that rescued me in a beautiful moment I wanna give my life right back to You so You are glorified in all I do every thought I have just brings me to this beautiful moment

I think about the life You gave for me so I could be with You eternally I think about the cross that rescued me in a beautiful moment I wanna give my life right back to You so You are glorified in all I do every thought I have just brings me to this beautiful moment

oh, every thought every thought brings me right to you just brings me right back to this beautiful moment
