

# Kara, Honey

If I I I didn't have you  
I I I, without you  
I I I wouldn't be able to live  
My heart still flutters  
when i see you, i tremble  
Even though i want to pretend like i don't know  
you can see the desire in my eyes  
I can't breathe. I'm becoming sad  
my illness is getting worse. It's hurting  
It's because i like you too much. That's right  
my heart wants you  
My only honey, honey, honey  
you have to turn around, honey, honey, honey  
I've always wanted you and only  
Oh baby honey honey honey  
my heart's honey honey honey  
I'm sincerely looking at you and only you  
Hey baby my little honey  
came from heaven right here to save me  
one touch that's all it takes complete with you, no regret  
I need you by my side  
I'll love you long through day and night  
deep inside i know you're mine  
no more words kiss me goodnight  
It's because i like you too much  
that i turned into a fool  
i only look at you. That's right  
my heart wants you  
My only honey, honey, honey  
you have to turn around, honey, honey, honey  
I've always wanted you and only  
Oh baby honey honey honey  
my heart's honey honey honey  
I'm sincerely looking at you and only you  
My only honey, honey, honey  
you have to turn around, honey, honey, honey  
I've always wanted you and only  
Oh baby honey honey honey  
my heart's honey honey honey  
I'm sincerely looking at you and only you  
If I I I didn't have you  
I I I, without you  
I I I wouldn't be able to live  
(baby baby yeah woahhh)  
My only honey, honey, honey  
you have to turn around, honey, honey, honey  
I've always wanted you and only  
Oh baby honey honey honey  
my heart's honey honey honey  
I'm sincerely looking at you and only you  
If I I I didn't have you
