

Kara's Flowers, To Her, With Love

See my dear I'm thinking of you
My, how she has grown
Her building blocks have all gone home
And being there is always where ill be, you'll see

Take your doll house dreams and make them real
I've seen the sun
I'll guide your inspirations along
And don't let them stop you from being someone's friend, don't bend

I hope you always your hand this close to mine
And I hope you never hesitate to wonder why
Wonder why, wonder why

If you need a shoulder mine is here
And I love you
And know one can tell you what to do
And roses and diamonds could never take the place, of your face

I hope you never hesitate to wonder why
Wonder why, wonder why
