

# Karate High School, Extra! Extra!

Extra! Extra! Hear all about it!

Consider these words a call to arms  
Don't mistake this for a false alarm  
We've got to unite to save what is left of our lives  
The revolution begins on the day you kill your TV  
And redefine the meaning of beauty

Sing with me  
Extra! Extra! Hear all about it!  
The headline on the front page  
Extra! Extra! Hear all about it!  
Between the lines everyday  
Extra! Extra! Hear all about it!  
They've started to replace  
Extra! Extra! Hear all about it!  
Reality with a pretty face

You never rebuilt what they tore down  
You want to look like a model now  
You want to show me your guest list from the party last night  
Curb your consumerism, then try and tell me what to be  
Quick as a sneeze, there goes your popularity

Sing with me  
Extra! Extra! Hear all about it!  
The headline on the front page  
Extra! Extra! Hear all about it!  
Between the lines everyday  
Extra! Extra! Hear all about it!  
They've started to replace  
Extra! Extra! Hear all about it!  
Reality with a pretty face

Only you, only you  
Only you own you inside  
Only you, only you  
Only you own you inside  
Only you, only you  
Only you own you inside  
Only you, only you  
Only you own you inside

Extra! Extra! Hear all about it!  
Extra! Extra! Hear all about it!  
Only you own you inside

Extra! Extra! Hear all about it!  
The headline on the front page  
Extra! Extra! Hear all about it!  
Between the lines everyday  
Extra! Extra! Hear all about it!  
They've started to replace  
Extra! Extra! Hear all about it!  
Reality with a pretty face

Extra! Extra! Hear all about it!  
Extra! Extra! Hear all about it!  
Only you own you inside  
Extra! Extra! Hear all about it!  
Only you own you inside

Extra! Extra! Hear all about it!  
Extra! Extra! Hear all about it!
