

KARD (□□), Tell My Momma

La, la, la, la, la

Champagne for breakfast kisses goodnight
Playing my heartstrings sonata moonlight
Cartier watch and he's always on time
Five loves of language, I found a new type

Ooh, oh, you're moving fast
You should know that I like it
Ooh, come on make it last
Cause I'm ready to dive in

Boy you're cute (Uh, huh)
Love the way you talk and
How you move (Uh, huh)
If you keep this up
There's nothing left to do (Uh, huh)
When you loving me just like that (Like that)
Baby there's no going back (It's true)
When I tell my mama about you

There's no going back
When I tell my mama, mama
There's no going back
When I tell my mama, mama
There's no going back
When I tell my mama, mama
Ooh, ooh, when I tell my mama about you

Pull up on you when you need
Me and you can't separate
Your momma love me but yo daddy doubtful
Said "Break her heart, I'm going homicidal"
So, I'm outside at 2 AM
Throwing pebbles all at your window
That's the only time
We don't need to be sneaky with innuendos
I'm playing
You know I could be a gentleman (Show me)
Know you heard my last song (ATAP)
And your heart I won't meddle with
I'll do anything to make our love last long
It's that strong, my passion for you (Oh, oh)
I got money
I can make transactions for you (Ooh, oh)
Make you thank your ex for passing on you
Make finding me
Make your daddy proud of you

Ooh, oh you're moving fast
And you know that I like it
Ooh, come on make it last
Cause I'm ready to dive in

There's no going back
When I tell my mama, mama
There's no going back
When I tell my mama, mama
Ooh, ooh, when I tell my mama about you
