

Karina Pasion, The Love We Got

My heart he takes
He'll always be my baby
We may bend, Won't break
but we got no one else to take
He's the sun when my day is low
Im his picture in front front row
His love is the center of my attention (oo oo)
See i dont know what he'd do for me
That guy is my everything
We argue, we fight
Then we make up by the end of the night
Dont even speak it speak it
we know what we got
And i love him, he loves me
And this is how love should be
im down for the love that he got that, he got
and he stays down for the love that we got, that we got
i love him, he loves me
And this is how love should be
im down for the love that he got that, that he got
and he stays down for the love that we got, that we got
he's embeded in myspace
everytime he speaks he blows me away
Dont care what people say
as long as hes in the same place where i lay
see ill be as that goes
im his princess hes my general
and no matter what you think about love
time wont outlast us
see yall dont know what he do for me
and im tellin you hes my everything
we argue we fight
then we make up by the end of the night
yall dont kno what we got
And i love him, he loves me
And this is how love should be
im down for the love that he got that, he got
and he stays down for the love that we got, that we got
i love him, he loves me
And this is how love should be
im down for the love that he got that, that he got
and he stays down for the love that we got, that we got
The miles I'd walk for him are infinite
Ill run circles around the world
And everyday im beside him feels heaven sent
And all else is irrelevant
So keep on exsuding your love on to me
And i love him, he loves me
And this is how love should be
im down for the love that he got that, he got
and he stays down for the love that we got, that we got
i love him, he loves me
And this is how love should be
im down for the love that he got that, that he got
and he stays down for the love that we got, that we got (X2)
