

Karine Polwart, I'm Gonna Do It All

Im gonna sail right out on the Atlantic
Im gonna catch me a fish thats bigger than gigantic
Im gonna cook up a fine fish tea
It will be like some kind of Galilee
Im gonna do it all some day

CHORUS

Im gonna do it all some day
Im gonna do it all some day
You may not believe a word I say
But I tell you Im gonna do it all some day

Im gonna climb way over that old mountain
Im gonna shout in a place where no-one hears me shouting
Im gonna swear so loud
Ill strip the silver lining from a cloud
Im gonna do it all some day

CHORUS

Im gonna fly in a silver winged space rocket
Im gonna pick out the stars and put them in my pocket
Im gonna bring those stars back down
So I can spread celestial light around
Im gonna do it all some day

CHORUS

Im gonna do it all OUTRO
