

Karkadan, The Calling

Walking through forrests
as the light goes dim
He feels so strange
and looks behind him

Silence everywhere
A scream breaks through the night
Without knowing where to go
He wanders through the dark

Can you hear the calling evil ?
Can you feel its magic spell ?
Seduced by the darkest powers
You will give your soul away

A lightning strikes
And cracks up the earth
Now it's time
For hells' rebirth

Dark Angels
Rising from below
He's not afraid
Follows the way they show

Meeting Scheitan
His mind was changed
He's still alive
But his soul is dead
