

# Karl Wolf, Profession' My Love

I'm professing my love to ya  
I really don't think u understand me ma  
Let me show you a lil bit a what I'm talking ma  
I know you wanna be down cause you're stickin aroud  
Do I wanna give you my number (na na na na)  
Do I wanna have your email (na na na na)  
Do I wanna hang with your firends (na na na na)  
Do I want my hand on your booty (na na na na)  
Cause I love u endlessly  
Glown like a star  
Be there burning long (yeah baby)  
Broken on the screen  
Watching words I say  
Catch me as I fall  
I'm professin my love to ya  
Hit me up on myspace and I'll add u boo  
I'm professin my love to ya  
Put u on my top 8 if u want me to [x2]  
I'm looking in your eyes and I can see u doubt  
I'm walkin up slowly, the wolf is on the prowl  
Take my hand, let me move u to the center spot  
Do I wanna give you my number (na na na na)  
Do I wanna have your email (na na na na)  
Do I wanna hang with your firends (na na na na)  
Do I want my hand on your booty (na na na na)  
Cause everytime you pop online  
I'm eager just to make u shine  
I never want u to witness the life I like  
(MAYBE WE CAN GET AWAY)  
We're walkin on the beach and sand  
I hold u close, you take my hand  
And then I'll never let u go of u
