Kasabian, Apnoea

Pick diamonds up set demons free
Issue my fire
On the weakened liar
Last gang in town
Set to burn it down
I summoned you to the aftermath

Apnoea
Bearing down on me
Apnoea
Bearing down on me
Apnoea
Bearing down on me
Apnoea
Bearing down on me
Apnoea
Bearing down on me
Apnoea
Bearing down on me

Put your boots in man
Put your boots in girl
See the piggies fly
See the system fail
Said it isn't me
Said it isn't you
Change made by all and not by one

Apnoea
Bearing down on me
Apnoea
Bearing down on me
Apnoea
Bearing down on me
