

# Kasey, Me Without You

Yeah, yeah

Oh

Yeah, yeah

They can take everything

My car, my money in the bank

It's something to them

But it ain't to me

Go and burn all my clothes

Take every piece of jewelery

A big deal to them

But not to me

Cause I know, I've got nothing to lose

So they can take it all away

Cause all I need is you

[Chorus:]

I'll be a song without a melody

I'll be a bird, a bird without it's wings

I'll be a game, a game you couldn't play

Oh it's true, that's me, me without you

It would be nice to know

If people felt like me

And believed what I believe

But that's not reality

Everyone won't agree

I've learned to do

What makes me happy

Cause I know, I've got nothing to lose

So they can take it all away

Cause all I need is you

[Chorus:]

I'll be a song without a melody

I'll be a bird, a bird without it's wings

I'll be a game, a game you couldn't play

Oh it's true, that's me, me without you

Sometimes I think about

What if I have to do without you

If you wanna know the truth

I don't know what I'd do

I would be incomplete

If you weren't here with me

You're the only thing I need

And if you ever leave

[Chorus: x2]

I'll be a song without a melody

I'll be a bird, a bird without it's wings

I'll be a game, a game you couldn't play

Oh it's true, that's me, me without you

That's me, oh

That's me, oh

Without you

That's me, oh

That's me, oh

Without you
