

Kashif Ibadullah Khan, It Will Be Bright

Memories Of That Time
Still Fresh In My Mind
When You Are In The Arms Of Love
And Say With Pride That You're Mine

I Know Well That Love Is Always Blind
But We Can See The Way With It Shine
What Happen If We Lost In Darkness Night
We Will Find Our Way With Love's Light

We Will Find Our Way With Love's Light
We Will Find Our Way With Love's Light
And I hope it will be bright.

Soon Your Eyes Will Be See
Love Is How Chramful For You And Me
Every Time When I Sing A Song
And Thinkings In Mine Mind Alone
Our Love Is Run In The Road How Long
And How Much Time Love Is Feel So Strong

We Will Find Our Way With Love's Light
We Will Find Our Way With Love's Light
And I hope it will be bright.

We Will Find Our Way With Love's Light
We Will Find Our Way With Love's Light
And I hope it will be bright.
