

# Kashif Ibadullah Khan, This Night

This Night Should Be Remember Forever  
Can We Meet Again after This Time Never  
The Heat of Your Fiery Breath on My Face  
I Wish That I Am Seeing You Ever

This Night Should Be Remember Forever  
Ever Ever and More Than Ever

The Sweetness of Your Hot Burning Lips  
Try to Get Some Feelings  
Your Beautiful Eyes Trying to Say Something  
Your Feelings Reaches Me on Air's Wing

This Night Should Be Remember Forever  
Ever Ever and More Than Ever

How Can I Forget the Taste of First Kiss  
How Can I Run Away the Sweetness of Your Lips  
And How Long We Can Hold the Feelings Tight  
Just Free Them Something Will Happen Tonight

This Night Should Be Remember Forever  
Ever Ever and More Than Ever

Come with Me in the World Where Words Are Nothing  
Just the Sense of Feelings and Taste Are Remaining

So This Night Should Be Remember Forever  
Ever Ever and More Than Ever  
Ever Ever and More Than Ever  
Ever Ever and More Than Forever  
Forever Forever
