

# Kasia Moś, Charlene

Woke up this morning found a letter that she wrote  
She said she's tired that I'm always on the road  
Too hard to swallow being alone  
She needs someone at night that she can hold  
She must have told me a thousand times before  
Silent cries I use to ignore  
God knows I love her  
Didn't mean to hurt her

Baby I'll be  
Sitting here waiting on you to come home again  
I won't leave  
Promise I'll be here to the very end  
By your side  
To protect you and to love you and to be with you for life  
Come on home to me Charlene

She knows I really love this old music thing  
Since I was a child it's been my dream  
I can support her treat her and spoil her  
You know buy her the finer things  
But I forgot about loving her  
Damn the money, diamonds and pearls  
What about the hard day she had with the baby  
All she needs is for me to love her

Promise I can't live without her  
God knows I need her loving  
And it hurts so bad that's she gone  
I pray that she'll come back one day  
In my life

Oh oh oh  
Sometimes I cry  
Charlene if you're listening would you call on me  
Because my heart is aching
