

# Kasia Moś, Wait (feat. Magda Adamiak)

Love is strange  
I see you everywhere  
But i don't belive you  
I won't belive you

I need more  
I was afraid too long  
I want to see you  
Just want to see you

So wait  
It's not to late  
We made mistake  
It's all that's need to be said

So wait  
Let's find escape  
Live took as apart  
But yu were still in my heart

Love is strong  
Please catch me when i fall  
I will not live you  
I will not live you

Can't take backe the way of life  
But you will be my guiding light  
You mean the world  
You're my home

So wait  
It's not to late  
We made mistake  
It's all that's need to be said

So wait  
Let's find escape  
Live took as apart  
But yu were still in my heart
