

Kaskade, Call My Name (feat. Rae Morris)

Lift, lift my head to see you
Good morning to you wise
Reach reach my arm to find you, to see you

I'd be waiting for you, waiting for you
Waiting for you to call my name
I'd be waiting for you, waiting for you
Waiting for you to call my name

Unfold, white lining
As warm as your skin
The brand of who remains
Why did I fall for every comfort in size
In those wild eyes
I'd be waiting for you, waiting for you
Waiting for you to call my name
I'd be waiting for you, waiting for you
Waiting for you to call my name

I've been trying to keep my distance
With heart speeding me down
I've been trying to keep my distance
With heart speeding me down

I'd be waiting for you, waiting for you
Waiting for you to call my name
I'd be waiting for you, waiting for you
Waiting for you to call my name
