

# Kaskade, Soundtrack To The Soul

Steppin' out of my mind rejuvenating  
Its time to unwind, no more waiting

Tonight's the soundtrack to my soul  
I've left the drama of day behind  
Let the rhythm break the mold  
This is the soundtrack to my soul

Make me crazy, make me move  
It's burning up inside the groove  
Deep within feel it pull  
That's the soundtrack to the soul
