(Elephant Man)

It's summertime
Ladies looking hot
Shaking up what they've got
Elephant Man and Kat, c'mon

Sense is telling me you're looking
I can feel it on my skin (Whoaa)
Boy I wonder what would happen
If I trip and let you in
Don't get shook my my aggression
I just might be the one
Let's skip this conversation
Just whine your body up

(Ha ha ha)

Don't wanna wait no more
(Ha ha ha)
You got what I'm searching for

I'm feeling your vibing
I'm riding high is exotic
And I want you, I want you here
Pull me closer and closer and
Hold me tight to your body
