

# KAT-TUN, Live In Snow

Will this painful road to return continue forever?  
The crack in my heart is filled up with snow  
In the scenery I've always been used to seeing, you are all that's there,  
visible in the city I've never looked at before  
Even if my wish for love doesn't come true  
'I love you'  
I want to see you... I want to see you...  
That is all I wish for.  
I'll send these overflowing feelings to you  
Placed inside the white snow...  
Because the gently falling snow is  
somebody's words of love  
Even if my wish for love doesn't come true  
'I love you'  
I want to see you... I want to see you...  
That is all I wish for.  
I'll send these overflowing feelings to you  
Placed inside the white snow...  
Because the gently falling snow is  
somebody's words of love  
Before long the snow will stop, the light is rising  
Will you be able to understand?  
As for me, I'll always be looking up to see  
The snow that will not cease...
