

# Kataklysm, Bound In Chains

as you enter my kingdom  
the blood flows, the stream grows  
locked inside this cage...  
my heart weeps for freedom

i'm bound in chains  
i'm a prisoner of your hate  
i'm bound in chains  
for eternity there's no escape  
i'm bound in chains  
the winds have taken me... it's too late  
i'm bound in chains  
darkness takes all the love i create

the gates open wide, i look at the world outside  
if i took one moment to cry  
i would be denied

i crawl into the abyss  
i taste the fruit of solitude  
no one is there for me... foreverlasting sleep

whirlwind inside my head  
confusion to know who i am  
i beg for a chance to redeem  
to take back my self esteem
